1. Promotion Period

1.1 The Luxury Rewards promotion shall run from 16 October 2026 to 30 November 2026, unless otherwise amended by the Company through its official communication channels.

1.2 Customers must satisfy the deposit requirements and accumulate the required LOTs within the specified promotion period to qualify for reward redemption.

1.3 The Company reserves the right to amend, extend, or terminate the promotion before its scheduled end date. Any such changes will be communicated to customers through the Company's official channels, as appropriate.

2. Eligibility and Participating Account Types

2.1 Customers must achieve a cumulative deposit amount or meet the minimum deposit requirement of USD 10,000 during the promotion period to qualify for participation. Eligible deposits must comply with the criteria established by the Company.

2.2 Trading volume will be calculated exclusively from Standard, Capital, and Cent accounts. Trading volume generated from any other account types shall not qualify for reward redemption under this promotion.

2.3 The Company will count trading volume only from accounts that remain active in the Company's system. Accounts that have been deleted from the system will be excluded.

2.4 Each customer is entitled to one participation entry per registered email address. Customers who have multiple accounts registered under different email addresses must contact the Admin to designate a primary account for participation in the promotion.

2.5 The Company reserves the right to verify customer eligibility, trading accounts, and the source of deposited funds to prevent duplicate claims or activities inconsistent with the purpose of the promotion.

3. LOT Accumulation and Calculation Criteria

3.1 Each order must be held for at least 2 minutes to qualify for LOT accumulation. Orders held for less than the required duration will not be counted.

3.2 Orders must be opened and closed in accordance with the Company's prescribed price-distance criteria for the promotion, applicable to both normal trading and hedging activities.

3.3 For hedging activities involving opposite Buy and Sell orders, the two orders must be opened at least 10 minutes apart for the trading volume of both orders to qualify for LOT accumulation. If the interval between the opening of the two orders is less than 10 minutes, only the first order will be counted.

3.4 The Company reserves the right to review trading histories and patterns and to exclude LOTs associated with abnormal activities, including LOT manipulation, opening and closing orders solely to generate trading volume without a legitimate trading purpose, or any other activities that violate the Company's criteria.

3.5 LOTs that have already been used to qualify for benefits under other Company promotions or campaigns may not be counted again. The applicable rules shall be determined in accordance with the terms announced by the Company.

7. Maintenance of Eligibility and Account Verification

7.1 If an account remains inactive for three (3) consecutive weeks, or if the customer fails to notify the Company in advance of the reason and intention to suspend trading, the Company reserves the right to consider resetting the customer's accumulated LOTs to zero, subject to the criteria established by the Company and communicated to customers.

7.2 The Company reserves the right to review historical trading records and to reject LOT accumulation, suspend eligibility, or revoke reward redemption rights if any activity is found to violate the promotion's terms and conditions.

7.3 Accumulated LOTs and reward redemption rights are non-transferable to any other account, including accounts held under the same customer's name, accounts of different account types, or accounts belonging to other individuals.
